PRINCIPAL'S NEWS

TERM 2

Well what a busy term we have had so far with online learning and staggered approaches back to face to face learning. I want to thank you, the community, for all of the support you have provided us through this time.

We have welcomed many new students and their families to Marsden Park PS this term and for this reason we have had to create some new classes. Miss Poullos is taking some of the Year 2 students in 2P and we have split the 3/4R class to keep 3/4R with Mrs Rigby and Mrs Durkin and created 3/4G with Mrs Marchetta and Mrs Durkin.

STUDENT REPORTS

Student Semester 1 reports are being written and will be delivered home to parents in Week 2 of Term 3. They will look a little different this semester as per guidelines given by the Department of Education. The reports will consist of a general comment about the student's academic and social behaviours and then checkboxes for English, Mathematics and Social Development. The delay for reports has been to provide the teachers with more time to teach, assess and program for the specific needs of all students. School parent/teacher interviews will be held Week 3 and 4 next term to discuss your child's progress. Keep an eye out at the end of term for a link to book these interviews through the School Interviews platform.

SORRY DAY

Thank you to Mrs Yilmaz, Mrs McLister and Mrs Gauci for the wonder links, art ideas and reading of books to support Sorry Day on Tuesday. All students were provided with 'over the PA system' information on the history behind Sorry Day and its significance.

NCCD

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the *Disability Standards for Education 2005*, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

PRINCIPAL'S REPORT

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the Australian Government's Privacy Policy (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the NCCD Portal (<https://www.nccd.edu.au>).

This data will be collected throughout the remainder of Term 2 and into Term 3. If you have any questions about the NCCD, please contact the school.

CAR PARKING SAFETY

The Kiss and Drop zone has worked really well so far and I feel that it was due to the staggered pick up times between 3pm and 3.30pm and parents waiting for their time in the line to be directed to the front to collect their child. Just some friendly reminders

- If you are parking and picking up your child/children, you will be asked to wait outside the top gate until 5 or 10 minutes to 3.
- At that time, I will open the gate and direct you all down to the grass area near the silver tables and seats.
- When the classes are walked to the COLA area, you will be able to collect your child/children from their class lines.
- Teachers will have discussed this new arrangement with the children during the day but please let your child/children know your arrangement so that they are ready, prepared and looking out for you.
- There are three options for pick up, either:
 - ◇ You are parking and walking into the school to collect them OR
 - ◇ Using the Kiss and Drop so that they can listen for their name to be called OR
 - ◇ Your child is catching the bus and are supervised in the library until the bus arrives.

As we all know, parking is a huge issue at our school, however, we need to work together to make sure that our community – parents, family and children - are safe at all times.

You need to ensure that you park legally, park considerately and do not stay parked in the Kiss and Drop zone at the front of the school for longer than 2 minutes.

Please be considerate of all our surrounding neighbours, other parents and the staff of the school. So many parents are being considerate and parking in the correct area, therefore we must make sure that we all are. Everyone is in the same situation.

If we all work together, we can make the parking situation safer, easier and less congested.

Kind regards

Mrs Christine Calder

Principal

School Travel

School Opal Cards for bus travel

As part of our campaign against fare evasion, and our on-going commitment to provide the level of service needed to transport students to and from your school, Busways conducts regular checks of School Opal card.

All students must be in possession of a valid Opal card or pay a fare.

Students in possession of an Opal card must also tap on/off with their card when boarding our buses.

This is important, because the Opal data collected determines the level of service we are able to provide to your school. If students don't tap on and off, the services will appear under utilised and may be considered for cancellation based on low passenger numbers.

To apply for a School Opal card or to report a lost or stolen card, go online to www.opal.com.au/en/about-opal/opal-for-school-students/

Students who are ineligible for School Opal will need to purchase a Child/Youth Opal card or pay a fare to travel on our buses.

Thank you in advance for your assistance and support.
